Lund University <i>Master's, Economics</i>	<i>September 2017 - September 2019</i>
Lund University <i>Master's, Finance</i>	<i>September 2017 - September 2018</i>

INTERESTS

Econometrics / Mathematical Statistics / High-Dimensional Statistics / Statistical Learning / Time Series / Panel Data / Finance / Macroeconomics and policy

PEER-REVIEWED PUBLICATION

1. “On Robustness to Random Breaks in Panel Data,” with Joakim Westerlund. Forthcoming- *Oxford Bulletin of Economics and Statistics*
2. “Coefficient-by-Coefficient Estimation of Breaks in Panel Data Models” (2025). *Journal of Econometrics*
3. “CCE under Non-Random Heterogeneity” with Joakim Westerlund (2024). *The Econometrics Journal*
4. “Estimation of Panel Data Models with Random Interactive Effects and Multiple Structural Breaks when T is Fixed” with Joakim Westerlund (2023). *Journal of Business & Economic Statistics*
5. “CCE in heterogenous fixed-T panels” with Joakim Westerlund (2022). *The Econometrics Journal*

WORKING PAPERS

1. “Estimating Multi-Dimensional Group Structures In Panel Data Models With An Application To Asset Pricing.” with Joakim Westerlund. *Journal of Financial Econometrics*
2. “Generally Shifting Coefficients in Interactive Effects Panel Data Models And The COVID–19 Regime” with Joakim Westerlund. *Revise and Resubmit in Journal of Business & Economic Statistics*
3. “Time Averaged CCE” with Yiannis Karavias and Joakim Westerlund. *Revise and Resubmit in Oxford Bulletin of Economics and Statistics*
4. “Imputation of Missing values in Panel Factor Models and Nowcasting state level GDP” with Tilman Bretschneider.

WORK IN PROGRESS

1. “Shrinkage estimation of kinks” with Yiannis Karavias.
2. “Alpha testing in heterogenous panels.” with Rosnel Sessinou.
3. “The Cost of Holding a Markowitz Portfolio” with Rosnel Sessinou and Deniz Erdemlioglu.
4. “Estimation and Testing of Dense Regressions” with Rosnel Sessinou.
5. “Estimation of Latent Groups in Panel Data Models when T is fixed” with Joakim Westerlund and Ali Mehrabani.
6. “Debiased Lasso With Time-Varying Parameters” with Rosnel Sessinou and Stephan Smeekes.
7. “Dynamic Variable Selection” with Joakim Westerlund and Rosnel Sessinou.
8. “Time Averaged CCE in fixed N panels.” with Yiannis Karavias.

TEACHING

Örebro University

August 2025 - Now

- Inference Theory (Lecturer, masters course)
- Probability Theory (Lecturer, masters course)

University of Liverpool

August 2024 - August 2025

- Public Economics (Co-Lecturer, masters course)
- Derivative Pricing (Lecturer, third-year bachelor course)

Lund University

August 2019 - August 2025

- Deep Learning and Artificial Intelligence Methods (Lecturer, masters course)
- Econometric Theory (Lecturer, PhD course)
- Machine Learning from a Regression Perspective (TA, masters course)
- Advanced Machine Learning (TA, masters course)
- Foundations of Finance (TA, masters course)
- Advanced Econometrics (TA, masters course)
- Intermediate Econometrics (Lecturer, third year bachelor course)
- Econometric Theory (TA and Python support, PhD course)
- Working with Databases (Lecturer, masters courses)

Lambda Data Science Society

July 2022 - July 2024

Data Science Support

Lund University

July 2018 - October 2018

Game Theory Research Assistant

SUPERVISION

Tilman Bretschneider: I am co-supervising Tilman. The thesis will be on matrix completion and factor PCA estimation.
